

MUSTANG CLUB OF OHIO- PROVIDES MUSCLE POWER FOR COLUMBUS AUTO SHOW.*by Seamus Nicholson*

Several years ago, Charlotte Immke asked the Columbus Auto Dealers Association to display a classic car to help promote a car show to benefit the Arthritis Foundation. That event has grown into one of the largest Charitable Car events in the country with over 1200 vehicles of all brands registered and on display.

From that one car years ago, the Auto Show display has grown to 25 vehicles. That's the good news. The bad news is, because of Columbus fire code regulations, all cars displayed in the Convention Center Concourse must be pushed into place.

As co-hosts of the Arthritis Show, the MCO is only too happy to help set up the display. This past Wednesday Ron Gallagher, Jeff Brashares, Pat Todoran, Steve Vagnier, Seamus Nicholson and Dan Trapp took to the task. It was a full afternoon of push and park, push and park. But it was all for a very good cause.

Featured vehicles on display this year include Pat Todoran's 91 Foxbody Mustang. The "Green Horse" is always an award winner. Also featured, in a special area, is Terry Burke's 1964 1/2 bronze convertible. The car was purchased new by

Terry's aunt and still carries her name plate, "Doreen Harrod Original Edition Ford Mustang."

Your may remember that last year's featured car at the Arthritis Show was the Foxbody. This year will highlight the 2nd Annual Foxbody Reunion. Hopefully we will see a return of the over 200 Mustang enthusiasts to the Show.

Featured vehicles this year are the Chevy Corvair, Datsun Z and Mazda Miata.

Maybe under the heading of no good deed goes unpunished, Sunday's closing of the show means the gang will be back to push the Concourse clear. What we won't do for Detroit iron.
